

COLORS AT A DISTANCE BY MAIL

ART FIRST Colors for Architecture ~ www.art-first.com ~ 503 287 4354

We offer interior and exterior color consultation by mail, nationwide and global. All we need are some good photographic prints of your building or room, your address and phone number, and prepayment. We will phone you for details about your goals for the project as soon as we receive your request.

Each project is completed in four stages:

- A. Two selections for the body color, you can decide which one you prefer.
- B. Trim and accent colors to compliment the body color you choose.
- C. Two copies of the final color specifications, with placement of colors and products.
- D. Color placement chart showing color numbers marked on an enlarged elevation photo of the building (for exterior jobs).
